### SHIP RECOVERIES
### AIRCRAFT RECOVERIES
### SHIP PROTECTION

## EARN A $10,000 REWARD ...
## FOR AN INTRODUCTION

VessEx can deploy a highly specialized team, within hours of an assignment, anywhere in the world to recover or protect vessels or aircraft.  Our work has been featured by some of the world's leading news organizations, including the BBC, TIME and The Washington Post.  Now you can benefit from our work by earning a $10,000 reward if you refer an assignment to us which leads to our recovery of a ship or aircraft.

### HOW DOES IT WORK?

Do you know someone who needs to recover a ship or aircraft?  If so, contact VessEx about our client referral rewards program.  Here's how it works:

> ➢ We'll enter into a client referral agreement with you (you can review a copy on our website).

> ➢ Then you'll forward the referral's information to us.

> ➢ If we recover your referral's ship or aircraft and collect our fees, we'll pay you $10,000.

It's that simple.  All you'll need to do is to make an introduction.  We'll do the rest.

### ABOUT VESSEX

Established in 2002, VessEx provides ship and aircraft recovery and anti-piracy services to mortgagees, owners and insurers.  We've worked in some of the world's toughest environments, from crime-infested ports to war zones, to protect the interests of our clients.

VessEx personnel have a wealth of experience in getting ships and aircraft out of difficult situations.  Our Operations Director, Capt. Max Hardberger, provides a full account of his ship and aircraft recovery experiences in his 2009 memoir *SEIZED*, published in the United States by the Broadway Books imprint of Random House and in the United Kingdom by Nicholas Brealey Publishing.
